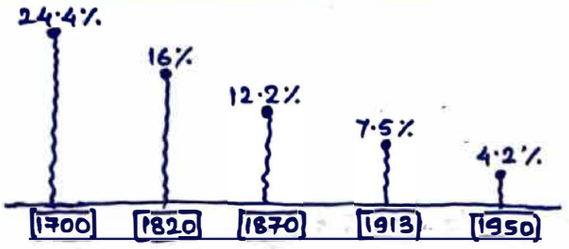
Civil Services With Neelesh

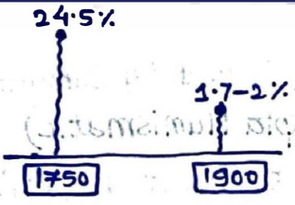
Colonial Rule & its impact

- **India's share in world GDP-**



(Angus Maddison, The World Economy)

- **India's share in world's manufacturing output-**



(National Bureau of economic Research) (NERB) working papers.

- **Land Revenue under Permanent settlement-**
  - ↳ $(1/11)^{th}$ share to Zamindars
    $(10/11)^{th}$ share to the Company / Britishers
  - ↳ Government demand often fixed at about 89-90% of rental income initially
    (R.C.Dutt- Economic History of India)

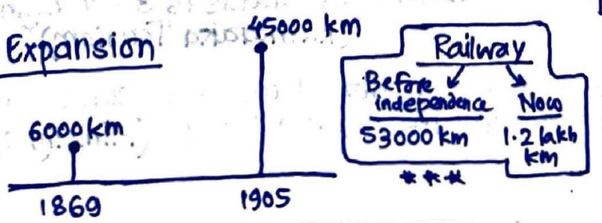
- **Drain of Wealth-**
  - ↳ Dadabhai Naoroji estimated £20-30 mn annually (late 19th century)
    (Poverty and Unbritish Rule in India)

- **Export composition-**
  - ↳ By 1900, raw materials constituted roughly over 60% of India's exports. while manufactured goods sharply declined
    (R.C.Dutt, Economic History of India)

*** famines & Poverty-**

> Great Bengal famine (1770) → ~10mn deaths
> Great famine (1876-78) → 5.5-10.3 mn deaths
> Between 1765-1947, there were 31 major famines.

- **Railway Expansion**



*** Impact on artisans/traditional industries-**

- India's manufacturing output fell from 24.5% (1750) to 1.7-2% (1900)
- By the mid-19th century, India had lost almost its entire export market for cotton textiles.
- **Lancashire imports**
  British cotton piece goods imported into India increased from 1 mn yards (1814) to 16n yards (1870)
  - (R.C.Dutt)
- Around 1700, India dominated world cotton textile export;
  By the 1850s, Britain had captured over 90% + overseas markets.
  (Tirthankar Roy- Traditional Industry in the Economy of colonial India)

*** Agriculture & Revenue-**

- **Land revenue settlements & area covered**
  - > Permanent settlement → 19%
  - > Ryotwari settlement → 51%
  - > Mahalwari settlement → 30%

*** Forests & Tribal-Impact-**

- Under Indian forest Act 1878, nearly over 50% of notified forests became Reserved forests with severe tribal restrictions
  (Ramchandra Guha - The Unquiet Woods)
- By the early 20th century, approximately 20-23% of British India was under the state forest administration.
- Over 100 tribal uprisings between 1770-1948 Santhal (1855), Munda (1899), Kol (1831)
  (K.S.Singh - The Tribal situation in India)

*** Army & Administration-**

- After 1857 revolt European : Indian soldiers ratio changed from 1:6 to 1:2
- **Indian civil services**
  - ↳ In 1863, Indians constituted <2% of ICS officers.
    Even by 1915, Indians were only about ~5% [not a major improvement]

Revolt of 1857

- 85 of the 90 troopers of 3rd Bengal Light Cavalry at Meerut refused the cartridge & were sentensed to 10 yr's imprisonment on 9th May 1857, triggering the revolt next day.
  (SN Sen – Eighteen Fifty-seven)
- 1857 Bengal army
  ↳ Total soldiers : 1,59,000
  European (~1:6) 24,000 | Indian 1,35,000
- Revolt spread across ~1,00,000 sq miles of North and central India.
  (S.N. Sen – Eighteen Fifty seven)
- Revolt continued for 14 months
  (10 may 1857 – July 1858)
  (S.N. Sen – Eighteen fifty seven)
- Around 75,000-80,000 rebels fought in awadh, making it the largest centre of ~~Awa~~ revolt
- Delhi remained in rebel hands for about four months (11 may – 20 sept ; ≈ 131 days).
  (S.N. Sen – Eighteen fifty-seven)
- Madras army (~52000) & Bombay army (34000) remained almost entirely loyal.
  (S.N. Sen – Eighteen Fifty-seven)
- Of nearly 565 princely states, (including Hyderabad, Patiala, and Kashmir) the overwhelming majority did not joined the revolt
- The electric telegraph network already covered about 4000 miles in India by 1857, enabling rapid military co-ordination by company.
- Nearly 2/3 of British India (especially the Madras and Bombay presidencies, most of the panjab, western India etc) remained unaffected.
  (R.C. Majumdar, The Sepoy Mutiny and the Revolt of 1857)
- ~34000 troops were raised in Punjab by British between May – sept 1857, playing decisive role in recapture of Delhi
  (T.R. Holmes – History of Indian mutiny)

Indian National Congress

- 1885-1920: No mass membership
- 1920: Nagpur Resolution → Annual membership fixed at 4 annas
- 1921: membership increased
  ↳ 15000 (1920)
  ⇓
  ↳ 20 lakh (1921)

- Delegates attended –

Bombay, 1885	Calcutta, 1886	Calcutta, 1906
72	434	1800+

↳ (Pattabhi Sitaramayya, History of the INC-VI)

- Elections & ministries –
  ↳ 1937 provincial elections → congress won 716/1585 seats contested
  ↳ formed ministries in 7/11 provinces
  ↳ resigned in 1939 after serving 28 months

- Of 72 delegates, about 2/3 belonged to the legal profession.
- Direct mass membership was introduced only in 1920
  ↳ indicating that the pre-1920 congress was primarily a delegate's organization.
- Only 2 muslims attended the first INC session (1885), reflecting limited initial communal representation
- No demand for self government/swaraj was made for the first 21 years (1885-1905). The first explicit demand for swaraj came only at the calcutta session (1906)

Major Movements

* Swadeshi Movement-

Success-

- ≈22% decline in imported cotton piece goods into bengal (sept 1906 compared to August 1905) - Sumit Sarkar
- ≈68% decline in imported boots & shoes during boycott (- sumit Sarkar - Swadeshi movement in Bengal)
- ≈200 primary national schools were run by the Swadesh Bandhab Samiti in Barisal at its peak (-sumit sarkar)
- 1906 - around 150 national schools established in Bengal.

Shortcomings -

- Only 2 firing incidents occured during open swadeshi movement, indicating repression alone was not principle cause of failure [Jamalpur 1906, Shespur 1907]
- only 45 muslims out of 1663 delegates attended 1906 calcutta session of congress (~2.7%), reflecting the movement's limited muslim participation.

* Non Cooperation movement-

success -

- 20 lakh + congress membess by 1921 [from 15000 before Nagpur reorganization]
- 90,000+ students withdrew from the government educational institutions.
- About 800 national educational institutions established
- ~1500 lawyers gave up legal practices.

(- Bipin Chandra - India's struggle for Independence)

- over ₹1 crore collected under Tilak swaraj fund within a year (-Bipin chandra)
- 20 lakh charkhas distributed under the constructive programme (-Bipin chandra)

Shortcommings -

- 22 policemen killed in chauri chaura Incident (official Inquiry Report)
  - ↳ 1 policeman burnt
- 19 persons were ultimately executed in Chauri chaura case (Allahabad HC Judgement)
- Movement was withdrawn after 18 months despite nationwide mobilization. (- Bipin chandra)

* civil Disobedience movement

- 78 volunteers accompanied Gandhi in Dandi March.
- 241 miles (390 km) covered during Dandi March
- over 5000 women participated in picketing of liquor and foreign cloth shops in bombay presidency alone.
- over 500 villages in GJ participated in no-tax campaign
- More than 300 salt centres emerged across India after Dandi march.
- over 90,000 political prisoners were released under Gandhi-Irwin pact.
- 2500+ volunteers at Dharasana Satyagraha making it one of the largest non-violent actions after Dandi.
- only 1 of Gandhi's 11 demands (limited salt manufacture) received partial acceptance in Gandhi Irwin pact.
- ~61,500 convictions were recorded during the resumed movement (1932), indicating severe repression.
- over 550 congress offices declared illegal and sealed after resumption of the movement

Post - Independence

* Territorial Integration

- 565 princely states integrated post 1947
  - ↳ 562 through diplomacy / merger
  - ↳ 3 (Hyderabad, Junagarh, J&K) required special handling
- ~40% of India's landmass consolidated without civil war.
- 216 princely states merged into Bombay alone during integration.

(V.P. Menon - The Story of Integration of the Indian states.)

* Land Reforms

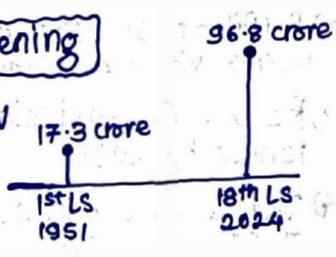
- 73.67 lakh acres declared surplus under ceiling laws
  out of which 54 lakh acres distributed.
- 57.46 lakh beneficiaries received surplus land
- 51% beneficiaries belonged to SC/ST communities.

(Department of Land Resources-GoI)

- 86.2% of farmers are now small and marginal farmers (<2 hectares)

* Democratic Deepening

- Voters base grew



- Voter turn out
  - ↳ 1st general election → 45.7%
  - ↳ General elections 2024 → 65.79%
- Polling stations established
  - ↳ 1,86,084 (at Independence)
  - ↳ 10.5 lakh (current)

(Election commission of India)

* Industrial consolidation

- Grew from 5 CPSEs (1951) to 388 CPSEs (today)

(Dept. of Public Enterprises)

- Industrial Production grew at about 7.1% annually during the second FYP.

(Planning Commission)

* food security

- Food grain production jumped from 50 MMT (1950) to 332 MMT (MoA&FW)
- foodgrains imports under PL-480 exceeded 10 million tonnes before self sufficiency (Bipin Chandra)
  - ↓ Green Revolution
    - ↳ mainly (PJ, HR, UP, Andhra, TN)

Buffer stock crossed 20 million tonnes by the early 1980s.

(Food Corporation of India)

- About 60% of India's net sown area remained outside assured irrigation, limiting the spread of Green Revolution.
- Punjab has only 3% of India's net sown area but contributes about 20% of wheat and ~~3~~ 10% of rice production, highlighting the regional concentration of food production.

* Foreign Policy

- Non Alignment Movement
  - ↳ founding members = 25
  - ↳ current membership = 121
- India contributed over 2.9 lakh troops to UN Peacekeeping missions cumulatively (highest contributor)

(UN Peacekeeping)

Conservation of Indian art and Heritage
GS 1

- 45 UNESCO World Heritage sites (UNESCO)
  - ↳ 37 cultural
  - ↳ 7 natural
  - ↳ 1 mixed
- 70 sites in UNESCO's Tentative list (UNESCO)
- 16 UNESCO Intangible Cultural Heritage elements (UNESCO)
- 3698 Centrally Protected Monuments (ASI)
- 52 lakh + manuscripts documents (National Mission for Manuscripts) NMM
- 1 lakh + inscriptions recorded (ASI Epigraphy Branch)
- 200 + museums under central and state governments (ministry of culture)
- ₹3416.63 crore allocated to Ministry of culture (Union Budget 2026-27)
- 3698 monuments are managed by a single agency (ASI).
- 70 sites still awaiting UNESCO Heritage site tag
- 52 lakh manuscripts yet to be fully digitised. (NMM)
- Heritage contributes only around 2-3% of tourism GDP (Ministry of tourism estimate)
- Less than 1% of archaeological sites are tourist ready. (ASI estimates)

Harappan Civilization

- 2000+ Harappan sites identified (ASI)
  - ↳ ~1400 are located in India
- Size (ASI) ⇒
  - * Rakhigarhi (~350 ha)
  - * Mohenjodaro (~250 ha)
  - * Dholavira (~110 ha)
- Dholavira's reservoirs stored roughly 2,50,000 m^3 of water (ASI)
- over 20 craft specializations identified / Kenoyer
- Standard weights followed binary progression (1, 2, 4, 8, 16, 32, ...) / Kenoyer
- Great Bath — size = 12 × 7 × 2.4 m; capacity ≅ 180 m^3 — ASI
- 4000+ inscribed objects discovered (corpus of Indus seals & Inscriptions)
- Only 10-15% of Mohenjodaro excavated (ASI)
- Over 85% of Harappan settlements remain unexcavated
- Longest inscription contains only 26-34 signs → hence difficult to decipher (Parpola)
- ~60% of major Harappan sites lie outside India (ASI)
- ~50% of known harappan sites have been digitized in terms of basic geographic mapping

But

- Less than 5% of the sites have undergone deep architectural or 3D digital preservation

Telegram and Youtube – Civil Services With Neelesh | Contact Now :- 9211891970 | Visit Website :- www.neeleshair442.com

Buddism

- 500+ millions Buddhist worldwide (~6-7% of world population) (Pew Research centre) (World Population Review)
- over 2500 monasteries (viharas) documented in Tibet, Nepal, Bhutan, Srilanka and India combined (Asian Development Bank report)
- Nalanda Mahavihara covered ~23 ha with 11 monasteries and 6 brick temples excavated. (UNESCO)
- More than 10,000 students and 2000 teachers at Nalanda (Xuanzang's account)
- UNGA (1999) recognized Vesak/Buddha Purnima internationally, now observed annually by 193 UN member states (United Nations)
- Over 3500 inscriptions discovered at Sanchi (ASI)
- More than 600 donor inscriptions at Sanchi stupa (ASI)
- 30 rock cutcaves at Ajanta
  12 major Buddhist caves at Ellore (Cave 1-12)
  ] ASI/UNESCO
- Buddhist constitutes only 0.7% of India's population (≈84 lakh people) (Census 2011)
- Nalanda's excavated remains occupy only 23 hectares, a fraction of its original complex (ASI)
  ↳ 85-90% Nalanda is unexcavated
- out of 45 UNESCO WHS, only 7 are primarily Buddhist (UNESCO)

Kingdoms and Highlights

- Chandella: → originally 85 temples at Khajuraho; only ~25 survive.
  → Over 870 sculptures adorn Kandariya Mahadeva Temple.
  → Sculptures average ~1m in height
  → Around 90% of sculptures are non erotic (counters misconception)

  - [ASI]

■ Pallavas :→ Arjuna's Penance relief is about 27m x 9m portrays excellant carving abilities.

→ 9 monolithic rock cut temples (Rathas)

- [ASI]

■ cholas :→ Vimana sizes : • Brihadishwara Temple → ~66 m high

• Gangaikondcholapuram → 53 m high

• Airavateshwara Temple → 24 m high

■ Guptas :→ More than 20 major gold coin types issued by Samudragupta and Chandragupta II. (Altekar, Gupta Numismatic)

→ Gold purity generally >75% shows economic prosperity

→ Mehrauli Iron pillar - 7.2 m high
→ weight of Iron pillar → ~ 6 tonnes (ASI)
→ Iron pillar has resisted significant corrosion for ~1600 years

→ Earth's circumference estimated by Aryabhatta at about 39,968 km, remarkably close to the modern value.

→ 9 Aryavarta kings defeated (listed)
→ mentions 12 Dakshinapatha rulers
→ 5 frontier states acknowledged the gupta suzerainty
→ 9 tribal (atavika) chiefs are referred to
(Prayag Prashasti by Harisen)

■ Vijayanagara :→ Empire → divided into 6 major provinces (Rajyas)
→ 72 Niyogas (depts) mentioned in inscriptions / Literature.
(Nilkanta Shastri (scholar))

→ 7 concentric fortification lines protected Hampi (Domingo Paes)

→ Vijayanagara controlled 300+ ports directly or indirectly through allies.
(traditional estimates used by K.A. Nilkanta Shastri)

→ Vitthala temple has 56 musical pillars (ASI)

→ Monolithic Lakshmi Narasimha statue is 8.8 m high (Karnataka Tourism)

→ Recently ₹25.6 crore sanctioned under Swadesh Darshan 2.0 for visitor infrastructure around Hampi (Ministry of Tourism)

Society & Social Justice

WOMEN

Political

 # Participation-
- population = 50%
- female voter turnout ratio = 65% (18th LS)

 # Representation-

Lok sabha	State Assemblies	Local bodies
• 13.6% (18th LS) ⇕ • 14.4% (17th LS) decreasing	• combined all states 9% MLAs are women	• 44% (reservation is 33%)

- world avg 25%
- Rwanda = 65%

Social

 # Crimes against women (NCRB)
- 51 crimes every hr.
- 1/3 of crimes are by relatives
- 2/3 of child abuse are by relatives
- cybercrime increased by 31%
- everyday on an average 86 Rape cases are filed (ie, 1 rape every 20 min)
- women suicides increased by 4.2%

 # Health- Replacement rate = 2.1
- TFR = 2.0 [NFHS-6]
- Anamia ⇒ 1 in every 2 women in anamic
- 90% deliveries are institutional.

 # Misc
- Dowry ⇒ decreased by 5% [NCRB]
- Domestic violence ⇒ 1 in every 3 women face it [NCRB]
- Dowry deaths ⇒ 20 everyday [NCRB]
- female using internet ⇒ 65% [NFHS-6]
- Sex Ratio (census 2011)
  - child ⇒ 929
  - Adult ⇒ 1020 (NFHS)
- women median age ↳ 28.2 yr (china = 38 yr)
- literacy rate = 65.4% (male ⇒ 82%) (overall ⇒ 74.04%)

Economic

- Global Gender Gap Report 2025 ⇒ India's rank is 131/148
  - ↳ As per the report, the world will take 134 years at current pace to achieve Gender parity
- Wage Gap ⇒ In India, women earn ₹40 for every ₹100 earned by a man.
  - ↳ As per IMF, India can increase its GDP by 27%, if it bridges this gender wage gap
- Income share of women is just 18% [men ⇒ 82%]
  - women population is 50%
  - ↳ women contribution to GDP ⇒ 18% (world avg = 45%)
- Female LFPR ⇒ 41.7% [Economic survey]
  - ↳ (in 2017 ⇒ only 28%).
  - ↳ (global average ⇒ 50%)

*Even before entering labour force, ↓ Poor participation bcz of poor finance availability

- 80% of women run enterprises are self financed
- women & Assets ⇒ women owns only 2% of total assets ↓ low collateral ability. Difficult to get loans
  - Thus, 90% SHGs are women centric. ←
- Unpaid work-
  - ↳ If men are working ⇒ only 1 hr in 4 hrs is unpaid
  - ↳ If women are working ⇒ 2 hrs out of 3 hrs are unpaid (due to double burden)
- Women & SHGs-
  - ↳ 90% of SHGs are "All women" SHGs.
  - ↳ 10 crore women households are mobilized in 90 lakh SHGs (2025)
- Women at Board/director level ⇒ 28.7% in BoD (FY 2025-26) (improved significantly)
- Women in STEM-
  - ↳ STEM graduates ⇒ ~43% (Highest globally)
  - ↳ STEM jobs (workforce) ⇒ 14%
  - ↳ women in AI workforce ⇒ 26%

HEALTH

Accessibility

 # Infrastructure -

- 20% hospitals in Rural areas (vs. 65% population in rural areas)
- Bed : Patient Ratio ⇒ 1.3:1000 (vs. 3:1000 WHO recommended)
- 70% of medical equipments are imported.
- Drugs & medicines.
  - India = Pharmacy of the world
  - ↳ India produces 60% of Global vaccine
  - ↳ Active Pharmaceutical Ingredients
    - ↳ 70-80% import from china

 # Human Resource -

- Dr : Population Ratio ⇒ 1:854 (Vs 1:1000 WHO recomm.)
- Nurses : Population Ratio ⇒
  - ↳ India ⇒ 1.96:1000
  - ↳ WHO ⇒ 3:1000

Affordability

- Govt spending on Health -
  - ↳ 1.9% of GDP
  - (WHO ⇒ 6%)
  - (NH Policy 2007 ⇒ 2.5%)
- Out of Pocket expenditure.
  - ↳ 39.4% (OOPE)
- Insurance penetration
  - ↳ 3.7% of GDP (global = 7%)
    - ↳ life ⇒ 2.7%
    - ↳ non life ⇒ 1%

Almost every year 10 crore people are pushed into poverty just because of high OOPE. [NITI Aayog]

Availability

- Preventive (vs) Curative
  - Preventive ↓ 8% of Health expenditure
  - Curative ↓ 65% of Health expenditure

Diseases

Mortality Rates

- MMR ⇒ 88 per 1,00,000
- IMR ⇒ 25 per 1000
- child mortality (under 5) ⇒ 28 per 1000

Anamia

- child = 2 out of 3
- women = 1 out of 2

TB

- India has world's largest TB burden
  - ↳ i.e, 26%

Non communicable diseases

- 2/3rd of total deaths are due to NCDs
- Obesity [NFHS-6]
  - ↳ men = 27.3%
  - ↳ women = 30.7%
  - ↳ India = 3rd most obese country
- Diabetes
  - ↳ men = 21%
  - ↳ women = 18%

NFHS-6

- Stunting ⇒ 29.3% (35.5% - NFHS-5) — decreased
- Wasting ⇒ 5.2% (7.7% - NFHS-5) — decreased
- Underweight ⇒ 31.8% (32.8% - NFHS-5)

Mental Health

- Prevalence ⇒ 15% of population
- Economic loss ⇒ annual 1 Trillion $
- Share of disease burden ⇒ out of total diseases 6% are mental diseases
- self reporting ⇒ <1% [study by IIT Jodhpur]
- Treatment gap ⇒ 80% [NIMHANS]
- Mental Health professionals ⇒ 0.75 psychiatrist per lakh population (vs. 3 per lakh ⇐ WHO recommended)

Telegram and Youtube – Civil Services With Neelesh | Contact Now :- 9211891970 | Visit Website :- www.neeleshair442.com

Education

School

 # Enrollment -
- 25 crore total children (6-17 years)
- 28 crores (GER)
- Gross enrollment ratio → 90% (Target = 100% by 2030) [NEP 2020]

 # Human Resource -
- Total school teachers → 71 crore
- Teacher : Pupil ratio → 1:25

 # Infrastructure -
- Toilets → 70% of schools in rural areas have no separate toilets.
- Internet & computers - available in 50% of schools (22% in 2019)
- Total schools → 15 lakh
  - Public sector schools 70%
  - Pvt sector 30%
- only 33% of schools have disable friendly toilets

 # Pain points
- **ASER Report 2024**
  - 75% of class III students cannot read text of class II
  - 90% of brain development take place below the age of 6yrs.

Expenditure
- 4.4-4.6% of GDP (C+S) (world avg = 6%) (NEP 2020 Target = 6%)

Higher Education

 # Enrollment -
- 4.4 Cr [Eco Surve 2026] (2nd largest in the world)
- GER → 29.5% (Target = 50% by 2035) [NEP 2020]
- Students studying abroad = 18 lakh [Eco survey 2026]

 # Infrastructure -
- no. of HEIs → 70,000
  - medical colleges = ~800
  - IITs = 23
  - IIM = 21
  - AIIMS = 20

[if 1 is coming from abroad, 28 are going out/abroad]

- Accreditation → only 37%

 # Pain points
- **World QS ranking**
  - None of the Indian college/ University in top 100
- **India's Graduate Skill Index 2025**
  - only 42% of graduates are employable

Hunger
- **Global Hunger Index 2025**
  - India = 102/123 (serious category)
- **Per capita Nutrition Intake** [Eco survey 26]

Calories	Protein
R → 2212 kCal/day	R → > Avg → 60 gm/day
U → 2240 kCal/day	U →

- **Stunting** → 29.3%
- **wasting** → 5.2%
- **Underweight** → 31.8%

Poverty
- India (official) → 21.9% (2011, Tendulkar)
- Extreme poverty line → $3/day/person (PPP) [World Bank]
  - 5.3% of India's population is extremely poor.
  - Kerala → 1st state to eliminate extreme poverty
- **MPI (UNDP)** (2022-23)
  - 15.5% of population in India is Poor
- **Rural** vs **Urban**
  - Rural 18%
  - Urban 10%
- Globally
  - 10% of population live in extreme poverty
  - 85% of poor under MPI are living in Subsaharan Africa & south Asia

Population

Stats

India → landmass = 2.4% of earth
India → Popul'n ≈ 18% of world

- World's population → 8 billion (800 crore)
- India's population → 146 Cr (UN)
  - ↳ 121 cr (census 2011)
- India → world's highest population → 18% of world's population
- Rural Population vs Urban (India)
  - 68% | 32%
- Diaspora → 3.5 Cr [MEA]
  - ↳ Remittances → $137 billion (3-3.5% of GDP)
- India
  - ↳ Districts → 777
  - ↳ villages → 6.8 lakh
  - ↳ Gram Panchayats → 2.5 lakhs
  - ↳ Urban local bodies → 5000

Demography

- 65% of population is <35 yrs of age
- Demographic dividend of India will peak in 2041
- Median age → 28 (china = 38)
- by 2030, 1/3rd of the global working population will be from India (UN)

Literacy

- literacy rate → 74.04%
  - ↳ male → 82%
  - ↳ female → 65%

Religion

- Hinduism → 80%
- Islam → ~15% (14.2%)
- Christianity → 2.5%
- Sikh → 1.75%
- Buddism → 0.7%
- Jainism → 0.3%

Vulnerable sections

Child

- (0-16 yr) → 1/3rd of population (45 crores)
- Missing children → 269 children goes missing everyday (NCRB)
- child labour → 4% of child Population (1 crore) (NCRB)
- child adoption → for every child legally free for adoption, 13 prospective parents are waiting.
  - ↳ Total adoption → only 4500 (legal) (2024-25)
- cyber crime → 90% of crimes contains transmission of sexually explicit child content
- POCSO → crime rate → 15 cases/lakh
- child mge → 1 in every 4.

Eldexly

- Population → 12.9% (NFHS-6)
  - ↳ 8.6% (census 2011)
- sex ratio → 1033 (feminization of aging)
- by 2036, around 15% of the population will be elderly (PIB)

Disabled

- Population → 2.3%
- Reservation
  - ↳ in jobs → 4%
  - ↳ in Higher edu → 5%
- Economic cost (due to exclusion)
  - ↳ 4% of GDP

Transgenders

- Population → 5 lakh (census 2011)
- 30% of them die from suicide, 50% of suicide attemps are done before the age of 20

Minorities

- Population → 19.3% of total

	SC	ST	OBC
Popul'n	16.6%	8.6%	52%
Reservat'n	15%	7.5%	27%
literacy rate	66%	59%	
		PvtGs=75	

Urbanization

Population

- Urban population
  - ↳ World → 55%
  - ↳ India → 32%
- GDP contribution by Urban areas in India → 63%

Homelessness

- ~~0.15% of population~~ (census)
- 1% of urban population is homeless (supreme court)

Slums

- 5% of the population live in slums (census)
- 50~60% of mumbai's population lives in slums & informal settlements
- Slums cover roughly 25% of total land area in mumbai (slum rehabilitation Authority)
- Bombay, Calcutta, Madras, Delhi } >30% population live in slums

Pollution & waste management

- Delhi → ~1.2 lakh premature deaths annually due to air pollution
- Waste collection
  - ↳ ~75-80% collected
  - vs
  - ↳ <30% treated or recycled.

migration

- migration rate → 29%
  - ↳ females → 48% (main reason is marriage)

⇓

- out of total female migration 86% is due to marriage
- out of total male migration 50% is due to employment

Traffic congestion

- Annual Hour lost in Traffic
  - ↳ Bengaluru → 117 hr
  - ↳ Mumbai → 103 hr
  - ↳ Delhi → 76 hr

[Eco survey - 2026]

Geography

* Distribution of Resources

Water resources

Water crisis

- India → 4% global freshwater ⟷ sustains 18% population
- 2 lakh people die every year due to inadequate access to safe water
  ↳ (CWMI 2.0, NITI Aayog)
- 21 cities facing the "Day Zero Risk"
- India exported more than 10 trillion Hrs of virtual water through the export of 37 lakh tonnes of Basmati rice in 2014-15
- Present status of water usage

sector	Ground water	surface water
• Agriculture	87%	89%
• Industry	6%	2%
• Domestic use	7%	9%

- India ranks 120th out of 122 in GWQI (NITI Aayog)
- Water scarcity could result in 6% loss in India's GDP by 2050 [WRI]
- 70% of India's thermal power plants will face high water stress by 2030.

Ground water -

- 50% urban, 85% rural → households needs met by GW
- 70% of India's GW is contaminated [NITI Aayog]
- 87% GW extraction by agricultural sector.
- GW level in Ganga Basin is declining at an average rate of 2.6 cm/year. (CGWB 2025 Report)
- Contamination in GW (CGWB 2025 Report)
  - ↳ Arsenic → 154 districts across 21 states
  - ↳ Fluoride → 17 states
  - ↳ Nitrate → 440 districts across India
  - ↳ Uranium → 151 districts across 18 states

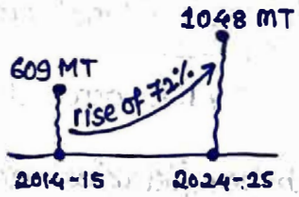
Energy Resources

Crude oil and Petroleum

- India imports 85% of crude oil and 34% of its Natural gas needs
- Natural gas → 6.2% of Indias energy basket [NITI Aayog]
  ↓
  India aims to increase N. Gas share in Energy mix from 6% to 15% by 2030

Coal -

- Its a primary fuel for electricity generation in India, contributing 70% of thermal power
- India = 4th largest coal producer
- Coal production increased



- Despite large reserves, India imports 25-30% of coal due to quality and demand supply mismatch.

Renewable Energy Resources -

- India's energy targes
  1) Reach a non fossil fuel energy capacity of 500 GW by 2030.
  2) fulfil at least 50% of energy requirements via renewable energy by 2030
  3) Reduce CO_2 emissions by 1 billion tonnes by 2030
  4) Reduce carbon intensity below 45% of GDP by 2030
  5) Achieve Net Zero emissions by 2070.

- Solar energy
  - ↳ India is 3rd in solar power installed capacity in the world.
  - ↳ Solar capacity has increased more than 39 times

    2.28 GW (2014) —×39→ 162.1 GW (2026)
  - ↳ leading states
    RJ (30GW), GJ (10 GW), MH, TN, KT
  - ↳ largest solar plant in the world
    Bhadla Solar park (RJ) - 2.25 GW

Telegram and Youtube – Civil Services With Neelesh | Contact Now :- 9211891970 | Visit Website :- www.neeleshair442.com

↳ solar sector expected to create 1 million+ jobs by 2030 [MoNRE]

↳ large land requirement → Bhadla solar park occupies 14000+ acres..

• **Wind Energy -**

↳ Installed capacity increased from

21 GW (2014) —more than doubled→ 56 GW (2026)

↳ Wind potential of the country is 1164 GW at 150 meters above ground level.
[National Institute of Wind energy estm.]

↳ leading states -
TN (10 GW), GJ (10 GW), KT (5 GW)

↳ India is among top 5 turbine manufacturers globally, boosts the local manufacturing. [Suzlon, Inox wind]

↳ Investment magnet → $10+ billion FDI attracted since 2000
[overall $20 bn+ FDI inflow in Renewable energy sector (2020-24)]

↳ commercial viability requires average annual speed (wind) > 6 m/s at hub site limiting spatial spread.

↳ Avoids 2.5 million tonnes CO_2 emissions annually per GW installed.

• **Geo-thermal energy -**

↳ estimated potential - 10.6 GW

↳ prominent regions in India -
Cambay Graben (GJ),
Puga valley (Ladakh)
Tattapani (Chattisgarh)
Manikaran (HP)

• **Nuclear Energy -**

↳ Nuclear energy contributes 3% of India's total electricity generation.

↳ India aims to increase it to about 100 GW by 2047

↳ 60% increase in annual nuclear electricity generation between 2014-25.

↳ 71% rise in installed nuclear capacity

4.7 GW (2014) —+71%→ 8.7 GW (2025)

↳ 25 nuclear reactors operated by NPCIL

↳ India → limited Uranium reserve (96000 tonne)
↳ one of the largest thorium reserves (846,000 tonnes)

Mineral Resources (Mo mines)

India's penninsular plateau holds 95% of the nation's metallic minerals, yet mining contributes just 2.5% to the GDP.

• **Iron ore -**

↳ Backbone of the steal industry (98% of iron ore used for steel)

↳ Iron ore contributes ~70% of the total value of India's metallic mineral production.

↳ India is 4th largest produces of iron ore globally (8.2% share in global production)

• **Copper -**

↳ India is resource constrained and import dependent for refined copper

↳ India's share in global refined copper is just ~1.35%

↳ ~95% of India's copper ore resources are concentrated in RJ, MP and Jha.

• **Gold -**

↳ India produces less than 2 tonnes annually, but is one of the world's largest consumer (>700 tonnes/year), leading to high import dependence.

↳ India → 2nd largest gold consumer in the world
↳ imports 85-90% of its gold requirements.

• **Critical minerals & REE -**

↳ India has officially identified 30 critical minerals whose supply risk can have impact on economy.

↳ Chinese dominance of REE.
- Holds ~70% of world's REE reserve
- processes 90% of REEs

↳ Concerns for India -
- India imports >80% of lithium and cobalt, mostly from china, Australia and south amexica.
- lithium (5.9 mn tonnes reserve in Reasi-J&K)
↳ water intensive mining - needs 2.2 million tonnes of water per tonne of lithium produced

Mining → employment to 7 lakh people
→ GDP contribut" = 2.5% (4.5% in 2000)
↳ exploration expenditure of India → only ~$10 km² India (vs) $5000/km² America

Indian Polity

Judiciary

- **Pendency** - (RTI)
  - ↳ SC ⇒ 93,000 cases
  - ↳ HC ⇒ 63 lakh cases
  - ↳ District courts ⇒ 4.6 crore cases
- **Delays** - [Molaw & Justice]
  - ↳ If no new case come, SC will take 1.3 years to clear the backlog.
  - ↳ 21% cases in HC pending since last 10 years.
- **Human Resource** - [India Justice Report 2025]
  - ↳ Judge : Population Ratio ⇒ 15 Judges per million. (vs)
    (law comm" recomm ⇒ 50 Judges/million)
  - ↳ women in Judiciary -
    - SC ⇒ 2 out of 38
    - HC ⇒ <15% are women
- **Infrastructure** -
  - ↳ 26% of courts don't have ladies toilet
  - ↳ only 27% of courts have access to video conferencing
  - ↳ expenditure ⇒ 0.09% of GDP
- **Lok Adalats** - in 2025, over 14 crore cases were disposed by lok Adalats.
- **Judge Asset disclosure** - only 95 of 795 judges (~12%) across SC and 25 HCs disclosed assets [2025]

Elections

Criminalization of Politics - (ADR Report, 2025)

- ↳ 18th LS ⇒ 46% MPs have criminal cases
  - (17th LS → it was 43%)
  - (16th LS → it was 34%)
  - (15th LS → it was 30%)
- ↳ MLAs ⇒ 45% of MLAs have declared criminal cases.

- **Expenditure** -
  - ↳ 18th LS ⇒ 1.35 lakh crore @ (60k Cr ⇒ 2019)
    - ↳ (1400/voter ⇒ 2024)
  - ↳ over 55% of the donations received by regional parties came from "Unknown Source" (Black money) (ADR)
- **Women in Politics** -
  - ↳ LS ⇒ 13.6% (18th LS) ⟺ it was 14.4 in 17th LS (↑ 78 women)
    - ↳ 74 women are MPs
  - SLAs ⇒ 9%
  - Local Bodies ⇒ 44%

  no state has >20% women MLAs
  - Highest ⇒ Chhattisgarh (18)
  - Himachal ⇒ (1)
  - Mizoram, Naga ⇒ (0)
- **Voter's burnout** ⇒ only 65% voters are actually voting.
- ~21% of sitting MPs/MLAs/MLCs are from political families, rising to 31% in LS [ADR report]

functioning

[ADR report]

- **17th Lok Sabha functioning** (2019-2024) — 88% (LS), 73% (Rs) of scheduled time
  - ↳ 1st time No deputy speaker
  - ↳ 179 Bills passed
    - ⇒ 58% Bills passed within 2 weeks of introduction
    - ⇒ 35% Bills passed with less than an hour of discussion
    - ⇒ only 16% bills referred to committees
  - ↳ **Question hour** functioned for **60% of LS** & **52% Rs's scheduled time**.
  - ↳ of total functioning
    - 31% time in LS
    - 32% time in Rs

    } discussions other than budget and legislations.
  - ↳ No Adjournment motion in 16th and 17th LS

Role of Parliamentarians

- ~52% of newly-elected MPs are first-timers in Lok Sabha.
- Avg age of MPs (18th LS) → 56 years
- 78% of MPs of 18th LS have completed at least undergraduate education.
- Most common professions among MPs of 18th LS → Agriculture & social work.

Panchayats

- Nearly 14 lakh women hold elected positions, ensuring 1/3rd reservation.
- Less than 20 states have fully devolved all 29 subjects from the 11th schedule in both de jure and de facto terms.
- Funds
  - ↳ decline in union grants from 85% (18th FC) to 60% (15th FC)
  - ↳ Central and state grants form over 95% of panchayat funds.
  - ↳ only 47% of total sfc recommendations implemented. (CAG report)
  - ↳ TN digitized property tax collection through Panchayat ERP, improving Own Source Revenue (OSR) by 18%
- physical and digital infrastructural deficits persists in upto 60% of surveyed gram panchayat.
- Gram Sabha
  - ↳ only 15 states met annual quorum in >75% villages

Parliamentary committees

- Bills referred to DRSCs (17th LS) → ~16% (it was 60-70% in 14th & 15th LS)
- Average DRSC meeting attendence in last two LS → ~49%
- PAC recommendations are accepted by goverment → 80%
- Time taken for reports (by committees)
  - ↳ 50% of reports within 115 days (17th LS)

Municipalities

- Devolution Index, 2024 (MoPR)
  - ↳ Karnataka tops
  - ↳ UP, Bihar shown improvements
- Urban Local Bodies shows 42% gap in resources and expenditure among 18 states. (CAG report)
- Only 14 states conducted regular municipal elections in last 5 years.
- Revenue
  - ↳ low property tax recovery → 0.2% of GDP (global avg → 1% - 2.5%)
  - ↳ Municipal revenues form just 1% of GDP (Vs) Urban area contribute - 66% of GDP (5-6% in Brazil/South America)
  - ↳ low uptake of municipal Bonds → only 11 cities
- Sanitation & waste management -
  - ↳ Indore has led 6 yrs in row in Swachh Survekshan, advancing door-to-door waste collection and bio-CNG Units
  - ↳ over 45% of ULBs fail to meet service level benchmarks in water supply and waste management.
- Infrastructure investment need :-
  ₹40 lakh crore by 2031 [NITI Aayog]

Telegram and Youtube – Civil Services With Neelesh | Contact Now :- 9211891970 | Visit Website :- www.neeleshair442.com

Governance

e-Governance

- Active internet users → 958 million
- UPI Transactions-
  - ↳ Annual transactions increased from 2 Cr transactions (FY 2016-17) → to 24,162 Cr (FY 2025-26)
  - 12000 fold increase
- Aadhar (CAG report)
  - ↳ coverage → 92.5% penetration
    - Adult → ~100%
    - Children (5-18) → 92.5%
    - some states exceeded enrollment (100%+)
  - ↳ Authentication failure
    - ↳ Iris - 8.5%
    - ↳ Finger - 6%
- e-NAM
  - ↳ 1656 mandis integrated across 23 states and 4 UTs
  - ↳ Transaction time reduced from 8-10 hrs to ~30 min.
- GSTN → over 13 million businesses registered
- GeM
  - ↳ over 5 million sellers and service providers are registered.
  - ↳ Buyers using Gem portal achieve an avg of 9.75% cost saving compared to median market price. [World Bank study]
- Digi locker-
  - ↳ 15 crore+ registered users
  - ↳ more than 50 lakh documents issued

Social Audit

- Social Audit in VB-G-Ram-G -
  - ↳ only 6 of 34 states/UTs have completed >50% of planned social audits
  - ↳ <14% of misappropriated funds flagged by social audit Units (SAUs) recovered by states.

Prison Reforms

- Occupancy → 130% of the capacity (India Justice Report 2025)
- conviction rate → ~50%
- vacancy of official → 33% [NCRB]

Corruption

- Corruption Perception Index 2025 → India's rank 91st/182 [Transparency International]
  - ↳ India outperforms most south Asian neighbours but lags behind Bhutan (18), China (76)
  - → 89% Indians think government corruption is a big problem
  - → 18% Indians were offered bribes in exchange of votes.
  - ↳ 46% of Indians think Police & local government officials are corrupt.

RTI

- Applicants → 5000 applications per day
- Over 4 lakh RTI appeals & complaints are pending before CICs/SICs
- ~80% of PIOs and Appellate Authorities lack basic knowledge of The RTI Act (State Information Commission Report)
- 12% Rural & 30% Urban Population aware of the RTI Act (PwC study)
- Highest RTI rejection Rate → MHA rejected ~20% of RTI applications received
- more than 60% of ICs were retired govt officials (mainly IAS, IPS officers)
  - ↳ (Satark Nagarik Sanghatan Report)
- only 9% of Information commissioners are women.

Criminal Justice

- ~14000 children living in Jail with mothers
- Undertrials [NCRB] → 5% of undertrials are women.
  - ↳ 75.8% of prisoners are undertrials
  - ↳ 8.6% of undertrials have spent >3 years in prison awaiting trial
  - ↳ 3 out of every 4 prisoner in India is awaiting trial.

Police Reforms

- only 3% of state + centre budget is allocated to policing.
- Vacancies → 25% [NCRB]
- Women in police → 12%
- Police to public ratio → 150 : 1 lakh (UN → 222 : lakh)
- Trust of Public → <25% (Private Research)

Telegram and Youtube – Civil Services With Neelesh | Contact Now :- 9211891970 | Visit Website :- www.neeleshair442.com

NGOs

(33 lakh) (CSI)

- only 2% NGOs are registered
- only 10% file ITR
- India loose 2-3% of GDP due to NGOs opposing the development. (Intelligence Bureau)

SHGs

- ~10 cr women mobilized into 90 lc SHGs under DAY-NRLM
- Average income of women SHG members has more than trippled in the last 5yrs (SBI study)
- 97.5% of SHGs have bank A/cs

Micro credit

- ~2.03% of India's GDP
- microfinance sector expanded ~2100% over last 12 years
- Loan distribution -
  - ↳ 76% rural
  - ↳ 24% urban.
- PM Mudra Yojana - (Eco survey 2026)
  - ↳ disbursement ⇒ 36 lakh crore (oct till 2025)
  - ↳ Woma entrepreneurs received 69% of total microloans.
- PM SVANidhi - (Eco-survey 2026)
  - ↳ social inclusion ⇒ 38% beneficiaries are women
    - ⇒ 64% (SC, ST, OBC)
  - ↳ Strong repayment → NPAs below 10%
  - ↳ Avg income of borrower increased by 20% led to improvements in
    - Housing upgrades ⇒ 39%
    - Better food access ⇒ 55%
    - Healthcare ⇒ 44%
    - education ⇒ 50%

custodial violence (MHA data)

- Custodial deaths ⇒ 170 deaths upto March 2026 (2025-26)
- 140-176 custodial deaths per year (last 5 yr)
- only 1 disciplinary action reported in last 5 years.
- 22% of police personnels believe that killing "dangerous criminals" is better than a legal trial. (Common Cause-Lokniti (CSDS) Study)
- 24% of police personnels admit that arrest procedures are rarely or never followed. (CSDS study)
- 30% police personnels justify the use of Third degree methods in serious criminal cases. (CSDS study)

International Relations

India's Neighbourhood

- **Nepal**
  - Border → 1751 km (5 states)
  - India is Nepal's largest trade partner
    - 64% of Nepal's trade
  - Bilateral trade → $8.76 bn
  - Trade surplus → $6.1 billion (India)
  - Indian firms → 30-35% of Nepal's FDI
  - Hydropower potential → >40,000 MW.
- **Bhutan**
  - Border → ~700 km
  - India is Bhutan's largest trading partner
    - Bhutan imports 88% from India.
  - 12th FYP → India's contribution contributed 73% of Bhutan's total external grant.
  - India → 50% of Bhutan's total FDI
- **Pak**
  - Border → 3323 km
  - Bilateral trade → $1.2 billion (2024-25)
  - India withdrew MFN status after Pulwama
- **Myanmar**
  - Border → 1600 km
  - India → myanmar's 4th largest trading partner
    - → myanmar's 2nd largest export market
  - Trade deficit → USD 916 million (India)
- **Sri lanka**
  - India is its largest Trade partner
  - Trade surplus → USD 2.69 billion (India)
  - India is 2nd largest foreign investor
- **Bangladesh**
  - Border → ~4000 km
  - Bangladesh is India's largest trading partner in South Asia
  - Bangladesh is India's largest development partner
  - Trade surplus (India) → ~9.5 billion USD
  - 1800 Bangladesh Civil Services officials trained in National centre for Good Governance since 2019
- **Afghanistan**
  - Border → 106 km
  - Trade deficit → USD 286 million (India)
  - India's 3rd largest apple supplier

Major Bilateral Relations

 # USA -

- Trade
  - Bilateral trade → 132 by USD (FY25) (Target: Mission 500 bn USD by 2030)
  - Trade surplus → 40.82 bn USD (India)
- US is 2nd largest FDI investes in India
- Defence Agreements - GSOMIA 2002, LEMOA 2016, COMCASA 2018, BECA 2020

 # China -

- Border → 3488 km
- china occupies 38000 sq km of Aksai chin & claims 90000 sq km of Arunachal as south Tibet
- Trade → Bilateral trade → 150 bn USD
  - Trade deficit → ~97 bn USD (India)
- India banned over 300 chinese apps & excluded firms like Huawei from 5G trials for security reasons.

 # Russia -

- Trade
  - Bilateral trade → ~68 bn USD (2024-25)
  - Trade deficit → 58.9 bn USD (India)
- Indian comp. investment in Russia >760 mn USD (vs) Russian investment in India ~200 mn USD
  - 3.8 times higher
- Russia is India's top military supplier accounting for 36% of total defence imports
- Energy → Russia supplied 33.3% of India's crude oil imports last year

- **Diaspora Economics -**
  - $137 Billion received in remittances
    - (Highest globally)
    - Highest from USA (27.7%)
  - 14.3% of total global remittances (World Bank, 2025)

India - West Asia

- India
  - ↳ in Trade surplus with → Israel, Iran, Syria, Jordan, Yemen etc
  - ↳ in Trade deficit with → UAE, Iraq, Qatar, Saudi Arabia etc
  - ↳ UAE is India's largest trading partner in West Asia
  - ↳ India's crude oil suppliers in west Asia - Iraq (19%) > Saudi > UAE
  - ↳ Diaspora - ~ 30% of UAE's population (largest ethnic group in UAE)
  - ↳ Remittances - UAE is 2nd largest remittance source for India (after US) (~ 18% remittance)
  - ↳ Qatar is India's largest LNG supplier, providing over 40% of imports.
  - ↳ 40-50% of India's total crude imports pass through Strait of Hormuz

India - Europe

- India is in
  - ↳ Trade surplus with UK, spain & france
  - ↳ Trade deficit with Germany (USD 7.4 bn)
- Diaspora → 1.86 million people of Indian origin in UK
- Indian FDI in spain → ~ USD 900 mn
- 99% of Indian exports to UK to receive zero duty access.
- French companies in India → 7000+
  Indian companies in Spain → ~80

India - Africa

- Trade → Bilateral → ~93 bn USD
  - Trade deficit → ~ 2.85 bn USD (India)
- Indian investment in Africa → USD 75+ bn (Cumulative)
- Lines of Credit → India extended USD 12+ bn to 42 African countries
- 6000 Indian soldiers in UN Peacekeeping missions in 5 conflict zones in Africa

Multilateral Groupings

BRICS

- ↳ GDP share → 37% of world GDP (G7 = 29%) (EU = 14%)
- ↳ Trade share → 25% of global merchandise trade
- ↳ population → 46% of the world

SCO

- ↳ GDP share → ~23%
- ↳ population share → ~42%
- ↳ Global defence expd share → ~20% of world military spending

SAARC

- ↳ Geography → 3% of world's land area
- ↳ population → 21%
- ↳ Intra SAARC trade → 5-8% of member's total trade (EU = 50-60%) (ASEAN = 22%)

G20

- ↳ GDP → 85% of world GDP
- ↳ population → almost 2/3 of global
- ↳ ~ 80% of global CO_2 emission
- ↳ ~ 85% of global military spending
- ↳ ~ 80% global FDI

QUAD

- ↳ GDP → 31%
- ↳ population → ~23%
- ↳ Defence expenditure → ~46% of world military spending

BIMSTEC

- ↳ population share → ~22% of global popul°
- ↳ Intra BIMSTEC trade → 7% of members total trade
- ↳ BoB carries ~25% of global trade flows

Secondary sector

Bedrock of rural Industrial Dev (supreme court) ↔ Growth Engines [Eco survey]

Industry sector

- Contribution to GDP = 30%
- Employment = 40%

Make In India

- Target of 25% share in GDP
- Achievements
  - Mobile manufacturing -
    - India is 2nd largest mobile manufacturer globally
    - >90% phones assembled in India.
  - Toy → 40 crore annual production
  - Vaccine - 60% of global vaccine demand met.

manufacturing sector

- Contribution to GDP = 16-17%
  - (India's current target, 25% of GDP by 2035) [National Manufacturing Mission]
  - It was 15% in 1995
- Employment = ~11% of workforce
- Global manufacturing share

India	vs	China
2.8%		28.8%

- Share of medium and high tech manufacturing → 46% [Eco survey 2026]

MSMEs

- Contri. to GDP - 31% [Eco survey 2026]
  - Potential - 40% by 2030
- Employment - ~50% of workforce (35 crore)
- share in total exports = ~50%
- Women owned MSMEs - 20.5% (Udyam Portal MoMSME)
- MSMEs on e-commerce - 6% (Private research)
- 95% of total MSMEs are Unorganized.
- 27% of MSMEs cite credit access as major hinderance.

SEZs

- Total SEZs = 368 (2026)
- Exports :- Rs 12 lakh Crore annual (annual growth rate = 32%)

Bio Economy

- GDP contribution = 4.25% [PIB]
- Biotech startups = >8000
- Growth :- $10 billion (2014) → $165 billion (2024)

Services

sevice sector

- Contribution to GDP = 55% [Eco survey 2026]
- Employment = 30% of workforce [Eco survey 2026]
- share in global sevice exports = 4.3% [Eco survey 2026]
- Growth rate = ~8%
- India = 7th largest exporter

e-commerce

- share in total consumer spending → ~8%
- e-commerce volume of India → 160 bn $
  - (Potential → 300 bn $ by 2030)
  - (Boston consulting group)
- Global position → India is 3rd larges in terms of e-commerce sales volume.
- Gen Z's share in e-commerce = 33%

Banking

- NPAs → 2.2% [11% in 2018]
- Bank A/Cs
  - 9/10 adults have A/c (Global findex Report 2025)
- Inactive accounts = 35%
- Credit deposit Ratio = 82%

IT

- Contribution to GDP = 7.5%
- Startups in IT = >30,000
- IT outsourcing → 55% of global share is with India
- Software exports of 200 bn $

Quick Commerce

- Q-commerce volume = $4 billion (potential = $10 bn by 2029) (research by private firm)
- 100% year on year growth rate

Inclusive Growth → HDR, 2025: India's rank = 130/193

Inequality

- Income -
  Top 1% = bottom 23%
- Wealth -
  Top 1% = bottom 40%
  (global 1% = 45%)
  [world Inequality lab]
- Gini coefficient of India = 0.255 (towards equality)
- Regional Inequality -
  ↳ Delhi's per capita income is 250% of National Avg.
  ↳ 5 southern states contribute 30% to the GDP.
- Gender Inequality -
  ↳ Income share → Women = 18%, Men = 72%

National Estimation

GDP

- GDP Growth rate [Eco survey 2026] → 7.1% (2025), 7.6% (2026) (projected)
- Nominal GDP compression by 4% due to base year change

Inflation

- Headline → 1.3%
- Core → 4.62%
- Food → -2.7%

[Eco survey] 2026

others

- Savings rate = 29.7% of GDP (decreased from 36% 2012) [Eco survey 2026]
- Private final consumption expenditure = 61.5% of GDP
- Investment = 30% of GDP (GFCF) [ES 2026]

Unemployment

- India's unemployment rate = 3.1% [PLFS 2025]
- Graduates unemployable = 49% [Economic survey 2026]
- Govt jobs → 7% of total jobs.
- Out of total jobs created, 90% are from informal sector.

Skills

- < 5% of India's population is formally skilled.
  ↳ (vs) > 90% are formally skilled in South Korea.

financial Inclusion

- 9 out of every 10 peoples have bank accounts
- 35% bank A/Cs are inactive [Global Findex Report 2025]

External sector

forex Reserve

90% of external debt.

- ~ $700 billion forex reserve
- equivalent to 11 month import cover
- external debt = 770 bn $

foreign trade (ES 2026)

- exports = 2.4% of world share
  ↳ Goods = 1.8%
  ↳ Services = 4.3%
- Trade deficit → $95 billion
  ↳ exports = $820 billion
  ↳ imports = $915 billion
- IT exports = 200 billion $

Deficit - CAD

- CAD = 1% of GDP

FDI

- Gross inflow = 65 bn $ [Economic survey 2026]
- Top sources -
  Mauritius, Singapore, USA

- Jobless Growth
  ↳ There is a need to create 2 Cr jobs/year (created 40 lakh/year) [NITI Aayog]
- Gig economy
  ↳ offers employment to 1.2 Crore people [Eco survey 2026] every year 20 lakh new peoples are joining gig eco.
  ↳ out of 100 new jobs created, 56 are from gig economy

startups

- India = Globally 3rd largest startup ecosystem
  ↳ 130+ Unicorns
- Annual recognition to > 50,000 startups (last year)
- ~ 2 lakh DPIIT registered Startups [eco survey 2026] (1.94 lakh)
- more than 90% of startups fail within first 5 years only [Private research]

Government Budgeting

- Interest payments = 14 lakh Cr
- Grants to states for capital expd = 5 lc Cr
- Dis investment receipts = 1.2 lc Cr
- Total tax receipts = 28 lc Cr
- Deficit (Budget) 2026-27
  - fiscal = 4.4% of GDP
    ↳ Target → 3% by 2031
  - Primary = 0.8% of GDP
    ↳ Target → 0%
- Debt → Govt (C+S) → 81.9% of GDP
  → Central govt debt → 57%
  → state govt debt → 28% of GDP

Target 50 ± 1% by 2031

Taxation

- ITR filed = 9 Cr [ES 2026] (last FY)
- Taxpayers = 1-2% of population
- Tax-GDP ratio = 20%

Infrastructure

Logistics

- GDP contribution → 13-14%
- Logistic cost → 8% of total cost (Pain point)
- only 6% of total sector is organized
- Impact
  - ↳ Decrease of 10% in logistic costs → will lead to → increase in export by 8%
  - ↳ improved logistics boost trade by 15% in developing economies.

share in total logistics

- ↳ Road = 60%
- ↳ Railways = 30%
- ↳ waterway = 10%
  - ↳ inland → 0.15%
  - ↳ Coastal → 7%

Road

- India - 2nd largest road network (after USA)
- National Highway network

91,287 km (fy2014) → 60% increase → 1,46,572 km (fy 2026)

[Eco survey 2026]

- Traffic accidents → on avg, 546 people die every day in traffic related accidents
  - ↳ India loses 3% of GDP in road accidents annually [UN report]

Railway

- India - 4th largest network (US → Russia → china)
- 99.1% of rail network is electrified [ES-2026]
- 12 times more efficient than roadways in freight traffic.
- Over utilization is about 150% above capacity

Waterways

- coastline = 11,098.2 km
- major ports = 14
  non major ports = 200+
- 90% ships are foreign owned.
- Trade through marine
  - ↳ 95% (by volume)
  - ↳ 70% (by value)
- Turnaround time
  - ↳ India : 10 days
    2-73 days (behind global average)

Digital Economy (~12)

- contribution to GDP = 11.5% [Eco survey 2026]
- Digital consumers → 3rd largest after china and USA
- Internet connections → >100 crore [economic survey]
- Internet Usage
  - ↳ Video/OTT = ~50%
  - ↳ Social media = 43%
- Digital Illetaracy → 38%
- Data uses and cost [ES 2026]

	2014	2025
Usage	0.06 GB (per user) (monthly)	₹25/GB
Cost	₹270/GB	₹8/GB

contribution to GDP ~16% ← **Agriculture** → employment = 46% [Eco survey 2026]
→ growth rate = 4·4%

Inputs → 1-8
During production → 10, 18-21,
Post production → 9, 11-17, 22, 23

1 Land
- Net Sown area - 45% of total geographical area
- Avg land holding - 1·08 ha (Agriculture ~~Census~~ census)
- 86% of farmers are small and marginal. (Eco-survey 2026)

2 Seeds
- ~80% seeds used are farm saved → Seed replacement Rate = 20%
- Impact on productivity is 25% [ICAR]
- Pvt sector share in seeds production is ~70%
- India's share in world seeds export = <1%

3 Irrigation
- 45% of India's agriculture is Rainfed (Eco survey 2026) ↕ ~60% in 2018
- GW (Tubewells) - ~65% of agricultural irrigation is tubewell based
- 70-80% of GW is used in irrigation.
- GW depletion rate could tripple by 2080
- Canals - 24% of the irrigation needs
- Micro irrigation - ↳ 12% of total irrigated area.

4 Credit
- Informal credit = 30%
- Institutional = 70% credit
- ~8 Crore operational Kisan Credit Cards in country
- ~50% farmers are under debt burden.
  ↳ avg debt/farmer = 1 lakh ₹
- Increase in 1% of credit ⇒ 0·3% increase in country's GDP

5 Fertilizers
- 4:2:1 recommended NPK ratio (vs) 11:4:1 avg NPK ratio of country
- India is 2nd largest consumer of fertilizers
- Consumption
  ↳ 20% higher than global avg
  ↳ Since independence, consumption of fertilizers increased 25 times but Production increased only 3 times → irrational use
- Out of total varieties of fertilizers, ~60% consumption is alone of Urea
- India imports 20% of Urea needs.
- N. Gas, a key ingredient of urea, is 100% imported.
- India - 100% Potash is imported.

6 subsidies
- 40% of total subsidy burden (fertilizer subsidy)
- 1·7 lakh crore (0·4% of GDP)
- Urea
  ↳ Prod" cost → 2200 ₹ for 45 kg bag
  ↳ selling Price → 242 ₹
  → Heavy subsidy → leakages

7 Pesticides
- consumption intensity
  ↳ 0·5 kg/hectare (India)
  ↳ 1·7 kg/hectare (US)
- Effective consumption by plant = <1%

8 R&D
- ₹1 invested in agriculture will lead to the return of ₹13 [Ashok Dalwai committee]
- Current expenditure of R&D in Agriculture is 0·7% Agricultural GDP.
  (vs) >3% of Agricultural GDP in developed countries.
- Mechanization -
  ↳ India - 40% of agriculture is mechanized (vs) US - 95% agriculture is mechanized.
  ↳ If agriculture is mechanized, it → decrease cost by 20% / increases production by 20%
  ↳ 1/3rd of the world's tractors are in India. [Ashok Dalwai committee]

9 Storage
- capacity = ~200 million tonnes
  [shortage ⇒ 30-40 million tonnes] [Ashok Dalwai committee]

10 Production
- India's total food grain production is ~350 million tonnes.
  [Horticulture 360 mn tn > food grains]
- Rice = 122 MT, Wheat = 117 mT } 239/350 mT
  ↓ less diversification
- Production efficiency -
  India ↓ (vs) Global avg ↓
  2730 kg/ha (~3000) ~4000 kg/ha
  • US = 8000 kg/ha / China = 7000 kg/ha

11 MSP

- crops included - 22
- only 6% farmers have access to MSP [NSSO]
- Total cereal procurement is about 2/3 of production. (open market = 1/3rd)
- Regional disparity -
  - PJ → >90% farmers have access to msp
  - (vs)
  - UP → <5% farmers

12 APMCs

- only 30% of Rice & 45% of wheat } sold in Mandis
- Regional disparity -
  - Punjab: one mandi every 120 km² (vs) meghalaya: one mandy every 10,000 km²

13 Exports

- India has ~2% share in global agricultural exports
- India's last year agri export = $50 billion (2025)
  - (vs)
  - Agri. export Policy 2018 target is $100 billion by 2029.

14 losses

- 20% of produce lost during production or post production

15 Human Resource

- Employment in agri = 46%
- 42% of the agriculture is pursued by females. (feminization of Agri.)
- One farmer suicides every hour [NCRB]

organic farming 16

- 2% of India's Net sown area is under Organic farming.
- Sikkim and lakshdweep, 100% under organic farming
- India → 1st in terms of number of farmers associated with organic farming globally.
- ZBNf - practiced by 11 states (Pioneer is andhra) can increase profit by 125% [research by Uni. of Cambridge with Andhra Pradesh govt]

contract farming 17

- Coverage - <2% of net sown area is under organic farming
- Farmers involved = 15 lakh

18 Allied activities - Horticulture

- short duration crops → 1-3 months
- production → 360 mT
- Income can reach 80,000 ₹/ha
  - (vs)
  - Income from food grains → ~15-20000 ₹/ha
- Fruits & vegetables = ~80-90% share in total horticulture prod"
- India's global rankings - (Prod")
  - onion 1st, fruits 2nd, veget. 2nd
- share of horticulture in agri GVA is 33%

19 Allied activities - livestock

- share in Agri GVA = 30%
- global share (dairy) = 25% (India's)
- Global rankings - (prod")
  - ↳ milk - 1st
  - ↳ eggs - 2nd
  - ↳ meat - 4th
- Cattle population of India is highest in the world ↳ (20% of world)
- Employment = 8 cr people (8% of working population)

20 Allied Activities - fisheries

- India's share in global fisheries is ~8%
  - ↳ increased by 140% in last 10 years [Eco survey 2026]
  - ↳ Inland (75%) > coastal (25%) fisheries
- Share in agricultural GVA = 7%
- India = 2nd largest global producer
- Employment = 3Cr (farmers & fish farmers)

21 Agroforestry

- Area under it = 30 mn ha (Govt target → 53 mn ha by 2050) (National Agroforestry Policy 2014)
- Gestation period → more than 5yrs to 30 yrs (this makes it less attractive for farmers)

22 PDS

[NFSA, 2013]

- Population coverage = 67%
  - Rural popul" = 75%
  - Urban Popul" = 50%
- fair Price shops -
  - ↳ 5.5 lakh shops [PIB]
  - ↳ 100% of them are digitalized (to stop leakages)
- Leakages -
  - ↳ 30% (or 1/3) food grains are either leaked or wasted
  - ↳ loss of 70,000 Cr to govt.
- Subsidy - (2 lakh crore)
  - ↳ Highest = Its 50% of total subsidy burden

23 food Processing

- contribution in manuf. GVA 8%
- Agri GVA 8%
- Contribution to GDP = ~2%
- Avg growth rate = ~7% (until 2000, its ~10%)
- only 2% of fruits and vegetables are processed
- India has 6th largest food processing industry in world
- Share in India's export - 13% in total exports
- FDI allowed - 100% through automatic route
- Share of processed foods in Agri exports = 20%

Telegram and Youtube – Civil Services With Neelesh | Contact Now :- 9211891970 | Visit Website :- www.neeleshair442.com

Science & Technology

R&D

- India's expd → 0.64% of GDP
  - (US → 3.5% of GDP)
- Pvt sector investment in R&D → 41%
  - (US → 75%)
  - (China → 77%)
- R&D target
  - 3% GDP by 2047
- Patent disposal time
  - 60 months in India (vs) 20 months in US/China

Crypto

- crypto owners → 10 cr are Indians (Highest globally)

Space debris

- By 2030, all Indian Satellites will be launched under the Zero orbital Debris mission. [PIB]
- Globally tracked debries → 40,000 objects orbiting earth.

Innovation

- Global Innovation Index (2025)
  - India's rank = 38 (2025) [vs. 81st (2015)]
- DPIIT recognized startups = 2 lakhs
- Trademark registrations
  - 4 lakhs (1.5 times in last 5 years) [Economic survey 2026]

Data centres

- India generates 20% of global data, with only 3% stored in India. [PIB]
- 50% of India's data centres are located in Mumbai

Nuclear Technology

- Nuclear energy → 5th largest source of energy (India)
- Nuclear energy production in India → 8 GW (Target → 100 GW by 2047)
- Investment require → ₹25 lc crore by 2047 to achieve 100 GW
- Global position
  - 7th Rank in world in the no. of operational nuclear reactors (7 states, 25 reactors)

AI

- Economic impact can increase India's GDP by 15% by 2035 (Accenture)
- Jobs at risk - 60% of formal jobs can be lost to AI by 2030
- AI awareness
  - 14% of populat"
- AI adoption
  - 88% of firms are using some sort of automation.

space technology

- Size → 2% of global space market
- Economic multipliers
  - every ₹1 investment in space tech adds ₹2.5 to GDP [ISRO]
- Space startups → 400+
- space tourism
  - market size → 900 mn $ (projection → 10 bn $ by 2030)
  - cost of ISS travel → ~200 cr ₹ (25 mn $ per person) Res per

Environment

climate change

- India → 3rd largest emitter (7-8% of Global emissions)
- India is 15th most affected country in terms of events [climate Risk Index 2026] & 3rd in terms of affected population.
- Temperature Rise (WMO)
  - ↳ Global temperature has increased by 1.55°C in 2024 as compared to pre-industrial levels
  - ↳ future projection → 2.5°C by 2100
  - ↳ 2024 → warmest year on record.
- sea level Rise -
  - ↳ Rate → 2.06 mm/yr (Since 1960) → 3.94 mm/yr (during 2005-2023) (science Advance study)
  - ↳ glacier melt contributes for 27% of sea level rise since 1960.
  - ↳ Indian coastline risk - (INCOIS)
    - 0.5-1 meter sea level rise by 2100
    - 1500 sq km of coastal land loss by 2050
- Women & CC -
  - ↳ comprise of 80% of climate displaced people (UN)
  - ↳ women & children are 14 times more likely to die in disasters (UNDP)
- Economic loss -
  - ↳ 40% decrease in labour productivity due to climate stress.
  - ↳ 3.8% of total working hrs may be lost by 2030 (WEG)
- Agriculture -
  - ↳ every 1°C warming increases crop losses from insect by 10-25%
  - ↳ Rainfed rice yield reduction projection
    - ↓ 20% by 2050
    - ↓ 47% by 2080
  - ↳ ~10 tonnes/hectare/year topsoil loss projected by 2050 (UNCCD)
- migration (INDIA) -
  - ↳ 4.5 crore people by 2050
- Carbon Inequality -
  - ↳ Richest 1% emits carbon more than Poorest 66%
- Climate finance
  - ↳ Developing countries need $4-6 trillion by 2030
  - ↳ Developing countries need ~$350 billion annually (Adaptation Gap Report 2025)
  - ↳ India needs $10 trillion to achieve net zero by 2070 [as per TERI]

→ as per commitment under Paris Agreement, temperature rise will be 2.9°C by 2100. (Goal was 1.5°C)

- Panchamrit (CoP26).
  1) Non fossil fuel energy capacity to 500 GW by 2030
  2) 50% of energy needs from Renewable sources by 2030
  3) Reduce carbon emissions by 1 bn tonnes from the present by 2030
  4) Reduce the emission intensity of its GDP by 45% by 2030
  5) Net zero emissions by 2070

- Targets under India's NDC 3.0
  - 60% cumulative installed electricity capacity from non-fossil sources by 2035
    - ↳ (already we are at 52.57%)
  - Reduce emission intensity of GDP by 47% by 2035 (of 2005 level)
    - ↳ (already achieved 36%)
  - Additional carbon sink of 3.5 to 4.0 billion tonnes of CO_2e by 2035
    - ↳ (we are currently at 2.29)
- India's global demand
  - ⇓
  - Developed Nations should become carbon negative, not merely carbon neutral, by 2050.

Pollution

* Plastic Pollution -

- India → World's top plastic polluter
  - → per capita plastic waste produced is 11 kg/year
  - → plastic recycling is just ~8%
- Globally ~ 20 mn tonnes of plastic enter aquatic ecosystems annually
- Plastic Bottle decomposition takes 400 yrs
- ~80 % of plastic ends up in landfills & the natural environments

* Air Pollution -

- World Air Quality Report - 2025
  - ↳ India ranks 6/143 in PM 2.5
  - ↳ India PM 2.5 levels = 48.9 ug/m³ (WHO ⇒ 5 ug/m³)
    - ↳ most polluted Indian city is Loni (UP) - PM 2.5 at 112.5 ug/m³
  - ↳ None of the Indian city meets the WHO standard for PM 2.5

* e-Waste - [Global e-Waste monitor Report 2024]

- India is 3rd largest e-Waste generator
- only 22 % of e-waste is recycled

* Solid waste management -

- Only 30-35 % waste segregated at source, limits recycling & composting. (CPCB)
- Per capita generation -
  - ↳ 0.2-0.6 kg/day in cities with 1-5 lc population
  - ↳ 61 % processed / treated
  - ↳ rest goes into landfills
- composition
  - 50-50 % - Biodegradable wet waste
  - 35 % - Non Biodegradable
  - ~10 % - Inert waste.
- >60 % ULBs lack engineered landfills, and adequate trained manpower

* land Pollution

- ↳ 33 % of geographical area affected by soil degradation, salinity, vegetation loss.

* Biomedical waste - (CPCB)

- Generation ⇒ 743 tonnes/day
- ↳ Treatement ⇒ ~640 tonnes/day

Renewable Energy

- Total installed capacity : 533 GW (31 March 2026)
  - ↳ Coal ⇒ 42.90 %
  - ↳ Solar ⇒ 28.21 %
  - ↳ Wind ⇒ 10.53 %
  - ↳ Hydro ⇒ 9.65 %
  - ↳ Oil & Gas ⇒ 3.89 %
  - ↳ Bio Power ⇒ 2.21 %
  - ↳ Nuclear ⇒ 1.65 %
  - ↳ small Hydro ⇒ 0.97 %
- Renewable energy mix ⇒ 253 GW
  - ↳ Solar ⇒ 52 % ⟶ India's rank 3rd
  - ↳ wind ⇒ 21 % ⟶ 4th
  - ↳ Hydro ⇒ 20 %
  - ↳ Bio-energy ⇒ 5 %
  - ↳ India's rank globally in Renewable energy → 4th in production; 3rd in capacity

* solar & wind -

	solar	wind	offshore
Potential	750 GW	695 GW	70 GW
↓ Installed capacity	↓ 135 GW	↓ 54 GW (~50)	↓ Target 37 GW by 2030

* Green Hydrogen -

- ↳ Target ⇒ 5 mmT/year by 2030

* Ammonia -

- ↳ India is world's largest ammonia producer (8 % of global production)

* Geothermal - potential ⇒ 10 GW.

* Hydro energy

- ↳ potential ⇒ 145 GW
- ↳ installed capacity ⇒ 51 GW

Biodiversity → Global ecosystem service value = $16-54 trillion annually

Protected area -
↳ 5.32% of India's geographic area
↳ ~84% of national parks located in ST inhabited area.

Illegal wildlife trade -
↳ It is the 4th largest illegal trade globally after arms, drugs & human trafficking.
↳ cases under WPA, 1972 [NCRB]
2014 (770) decreased to → 2023-24 (526)

Human wildlife conflict -
↳ ~100 elephants die annually due to non-natural causes such as electrocution, train collisions, etc
↳ Tiger → killed 125 humans b/w 2019-21
→ 329 tiger deaths due to poaching.
↳ wild Herbivores damage 15-50% of standing crops in field.

Invasive species
↳ India tops the list with 185 invasive alien species in south Asia
↳ 66% of country's natural systems threatened.

India State of the forest Report, 2023
• Forest + Tree cover (F+T)
↳ 25.17% → 21.76% - forest cover
→ 3.41% - tree cover
↳ Largest forest cover ⇒ MP > Arunachal Pradesh > Chh
↳ Maximum increase (F+T) ⇒ Chh > UP > OD > RJ
↳ largest decrease ⇒ MP > KN > Ladakh > Naga
↳ 19 states & UTs have 33% of the geographical area under forest cover

mangroves. [ISFR - 2023]
↳ 0.15% of total geographical area
↳ over 50% of world's mangroves at Risk of collapse due to CC [IUCN]

Coral Reefs -
↳ globally coral reefs cover < 1% of the ocean floor, yet are among most productive and biodiverse ecosystems.
↳ >60% of world's coral reefs may have bleached in the past year. (NOAA)
↳ CC could damage ~50% of global coral reefs by 2035

Wetlands -
↳ ~4.6% of India's land area
↳ India has 101 Ramsar sites
↳ Globally ~35% wetlands lost between 1970-2015
↳ ~30% of coastal wetlands may be lost by 2100

Disaster Management

India's Vulnerability

- India is 5th most vulnerable country to climate change induced extreme weather events. [Global Climate Risk Index]
  - → 60% of landmass is prone to earthquake
  - → 12% of land is prone to floods due to siltation, shifting river courses etc.
  - → 68% of land is prone to droughts
  - → 15% of landmass is prone to landslides
  - → 76% (3/4th) of the 11098.8 km long coastline is prone to Cyclone & Tsunamis.
- India loses around $87 Billion annually due to extreme weather events like cyclones, floods and droughts. [WMO Report]

* Cyclones *

- 7% of the world's cyclones affect India
- 13 states & UTs, 8% area, 1/3rd population, 3/4th coastline } vulnerable to cyclones
- Ocean warming → over the past 50 yrs, the global ocean has absorbed over 90% of the excess heat in the climate system. [IPCC]
- Increase in Arabian sea [IITM study]
  - ↳ increase by 52% in 20 years
  - ↳ 80% increase in duration
  - ↳ warmer pool → >28°C [earlier it was cooler]

* Landslides *

- 16 states & 2 UTs, ~15% of landmass } prone to landslides
- India accounts for about 8% of global fatalities due to landslides.
- Uttarakhand → 2900% increase in past 5 years.
- Himachal → ~doubled
- Sikkim has largest area (57.6%) that is landslide prone (outside of Himalayas)
- Kerala is the most vulnerable state with over 14% of its landmass in the "Very high susceptibility" category

* Earthquake * [NDMA]

- 60% of landmass, ~80% of population } prone to earthquake
- India & Seismic zones
  - ↳ Zone II (low risk) → ~39% of land area
  - ↳ Zone III (moderate risk) → 30%
  - ↳ Zone IV (High risk) → 18%
  - ↳ Zone V and Zone VI (very high to extreme risk)
    - ~13% combined
    - Zone V accounts for ~11% of land historically, with the new Zone VI absorbing the most critical segment of the himalayan arc.

(Probabilistic Seismic Hazard Assessment-BIS)

* Droughts *

- Area → 40% of land area [Drought Early Warning System, IIT Gandhinagar]
- 60% increase in droughts in last 25 years

* Floods *

- 12% of area prone to flood & river erosion [National Flood Commission]
- Children & women constitute 85% of the deaths due to floods
- Economic losses → avg annual loss of $7.4 billion

* Urban floods *

- >70% of Indian urban areas lack scientifically designed stormwater drainage system (drainage gap)
- Mumbai
  - ↳ 1860s drainage designed for 25mm/hr rainfall vs now faces >100mm/hr rainfall.
- Bengaluru
  - ↳ 65% lakes encroached

* Urban fires *

- MH + GJ → accounts 30% of India's fire accident deaths [NCRB]
- 35 people killed every day [NCRB]
- 60% of those killed are women [NCRB]

* Heatwaves *

- 57% of districts, 76% population } face high – very high heat risk
- Heatwave deaths rose 34% in last 10 yr (IMD)
- 400-500 mn informal workers lack access to cooling.

Internal Security

Land Border & issues

- land border → 15106 km
- Border countries → 7
  - ↳ Bangladesh border - 4096 km (Highest)
- Illegal migration -
  - ↳ 55 lakh people (0.44% of total population) (census 2011)
    - → 42% from Bangladesh
    - → 13% from Pakistan

~75000 illegal Rohingya immigants are currently living in India.

LWE (MHA data)

- 85% LWE cadre strength in Chattisgarh has been eliminated.
- In last 10 yrs, over 8000 Naxalites have abandoned the path of violence
- Naxal free status →
  - * India has achieved its target of becoming Naxal free [Mar 31, 2026]
- 31 districts remain under continued state support to prevent resurgence of LWE

NE Insurgency (MHA data)

- Target → End insurgency in NE India by 2029
- Insurgency reduced by 80% in last 8 yrs
- Casualty of security personnels reduced by 75%
- civilian deaths reduced by 90%

cyber attacks

- Frequency → 1 cybercrime every 10 min [CERT-In]
- Incidents →

  10.29 lakh (2022) ⟶ 22.68 lakh (2024-25)

- India is 2nd most targeted country (cloud SEK, 2024)
- India → 3rd globally in Phishing after US & UK.

Expenditure

- "Trends in World Military Expd" (SIPRI Report)
  - ↳ India → 5th largest military spender
